Being an academic misfit is not so bad

1. A flyover of excerpts and visualizations
2. Taking a look at the content
 - Anything that catches your attention?
 - How does this resonate with your experiences?
 - Thoughts?
 - Bring your ideas and questions into your round table.
3. The End, or a new beginning?

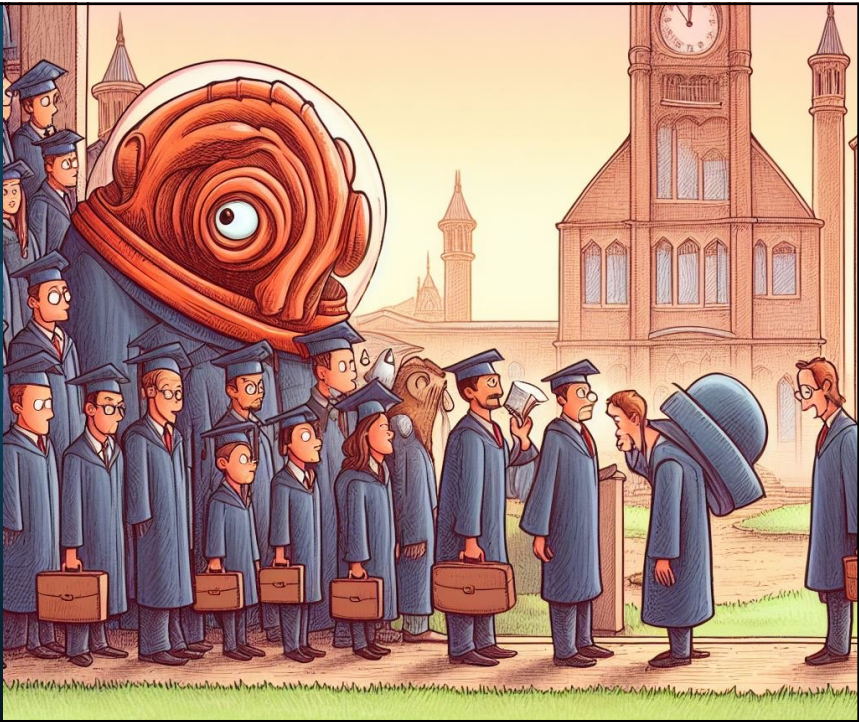

Billie Holiday performing "Strange Fruit" NYC's first integrated club in 1939.

Being an academic misfit is not so bad

Ultimately something personal and circumstantial

When the veil is lifted

Pressed from two sides

The human touch

Is there a silver lining?

(...) misfitting might be the most common feeling that is proof that you do have a heart, do have a moral backbone, and that you react and take action against the wrongs you see. In this respect, being an academic misfit is not so bad.

The crippling grip of imposter syndrome
